

*The  
Arlington Inn  
and Restaurant*

*The Arlington Inn is among the most gracious estates in Vermont. It is nestled in a lovely valley midway between Bennington and Manchester in the heart of The Shires of Vermont. The Greek Revival Mansion was built in 1847 and was home to Norman Rockwell when he first moved to Arlington.*

*The Inn is an ideal place for your wedding or rehearsal dinner. The spiral staircase in the main inn was made for a bride to float down. Our intimate and charming dining rooms offer the perfect ambiance for a memorable fine dining experience. Our wine list is extensive and the service outstanding. The warmer months offer event space in our historic barn for up to 80 guests and the perennial gardens or tent space on the back lawn for up to 300 guests. The Inn offers sixteen rooms in three of the historic buildings that make up the Estate and are uniquely decorated offering a variety of sleeping arrangements: many with four-poster, sleigh or canopy beds, as well as beautiful suites with whirlpool tubs. A Vermont country breakfast will be provided for you and your guests each morning.*

*Events at the Inn are reasonably priced. Your event will be planned just for you and we will make every possible effort to assure that your special occasion here at the Arlington Inn will be a truly memorable experience!*

*We look forward to your visit or call!*

*Best Regards,*
